USED SHOPPING CARTS

Plastic

Buying used plastic shopping carts is eco-friendly, cost-effective, and durable. They reduce waste, save money compared to new carts, and offer a lightweight, sturdy option for retailers aiming for sustainability and practicality.

MATERIAL	NESTING	AVAILABILITY	CAPACITY	DURABILITY
PLASTIC	10 to 15 inches	Usually in stock	150–300 lbs	GOOD

Metal

Buying used metal shopping carts is cost-efficient, durable, and sustainable. They provide long-lasting performance, reduce landfill waste, and save money while maintaining a professional look for retailers seeking quality and value.

MATERIAL	NESTING	AVAILABILITY	CAPACITY	DURABILITY
METAL WIRE	8 to 15 inches	Usually in stock	200–400 lbs	EXCELLENT

Large

Buying used large shopping carts is practical and economical. They offer ample storage, durability, and cost savings, ideal for retailers enhancing the shopping experience without overspending.

CAPACITY	NESTING	LENGTH	WIDTH	HEIGHT
300–500 lbs	12 to 15 inches	42–45"	25–27"	42–45"

Small

Buying small used shopping carts is cost-effective, space-saving, and environmentally friendly. They're ideal for compact stores, reducing waste and offering practicality while saving money.

CAPACITY	NESTING	LENGTH	WIDTH	HEIGHT
100–200 lbs	8 to 10 inches	30–35"	20–22"	36–38"

Sizes and Models Vary

Premium Refurbished Shopping Carts: Quality, Customization, and Sustainability.

At Carts and Parts, we take pride in offering high-quality used shopping carts that are fully refurbished to “like new” condition. Each cart goes through a rigorous reconditioning process to ensure it meets our high standards for performance and appearance. Our skilled team replaces handles, wheels, seat belts, and leg hole closures, leaving the carts ready to serve your customers safely and efficiently. Whether you’re outfitting a small boutique, a bustling supermarket, or a specialty store, you can count on our used carts to deliver exceptional value without compromising quality.

A Constantly Evolving Inventory of Sizes and Models

Our inventory is as dynamic as your needs. We receive carts of all sizes and models in our warehouse, from compact options ideal for small retailers to jumbo carts perfect for high-volume stores. We recommend checking with us regularly, as our inventory changes frequently. No matter what type of cart you’re looking for, chances are we’ll have a solution that fits your requirements.

Custom Branding Options for a Personalized Look

Customize your shopping carts with your store’s branding for a more professional look. We can brand cart handles and side panels with your logo or messaging, creating a consistent and professional look that reinforces your brand identity. This affordable option not only elevates your carts but also helps strengthen your connection with customers.

Eco-Friendly and Cost-Effective Solutions

By choosing refurbished shopping carts from Carts and Parts, you’re not only saving money but also making an environmentally conscious decision. Recycling and reconditioning used carts reduce waste and extend the life of durable materials, helping to minimize the environmental footprint of your operations. Our process ensures you get high-quality, reliable carts while contributing to a greener future, a win for your business and the planet alike.

Choose Carts and Parts for your used cart needs and enjoy premium quality, variety, and customization at a fraction of the cost of new carts. Contact us today to find the perfect carts for your business!

Promovider Lane Order Dividers with Custom Advertising

At Carts and Parts, Inc., we take immense pride in offering top-quality shopping cart replacement parts, accessories, and custom promotional products that meet the highest standards of durability and performance. From wheels and casters to seat belts and handles, every product in our inventory is carefully selected to ensure exceptional reliability for our customers. In addition to replacement parts, we provide custom graphics for lane closed signs and lane order dividers, allowing businesses to add their own advertising at checkout. These high-visibility placements help reinforce branding, promote special offers, and engage customers at a critical point in their shopping experience.

To ensure you receive the right products for your needs, we recommend speaking with one of our knowledgeable sales representatives. They'll guide you through our extensive selection and help you find compatible components for your existing equipment. Whether you're replacing worn-out parts or enhancing your store's promotional efforts, our team is here to provide expert advice and personalized solutions. At Carts and Parts, Inc., we're more than a supplier—we're a partner in keeping your operations running smoothly while helping you maximize every customer touchpoint.

CARTWORKS

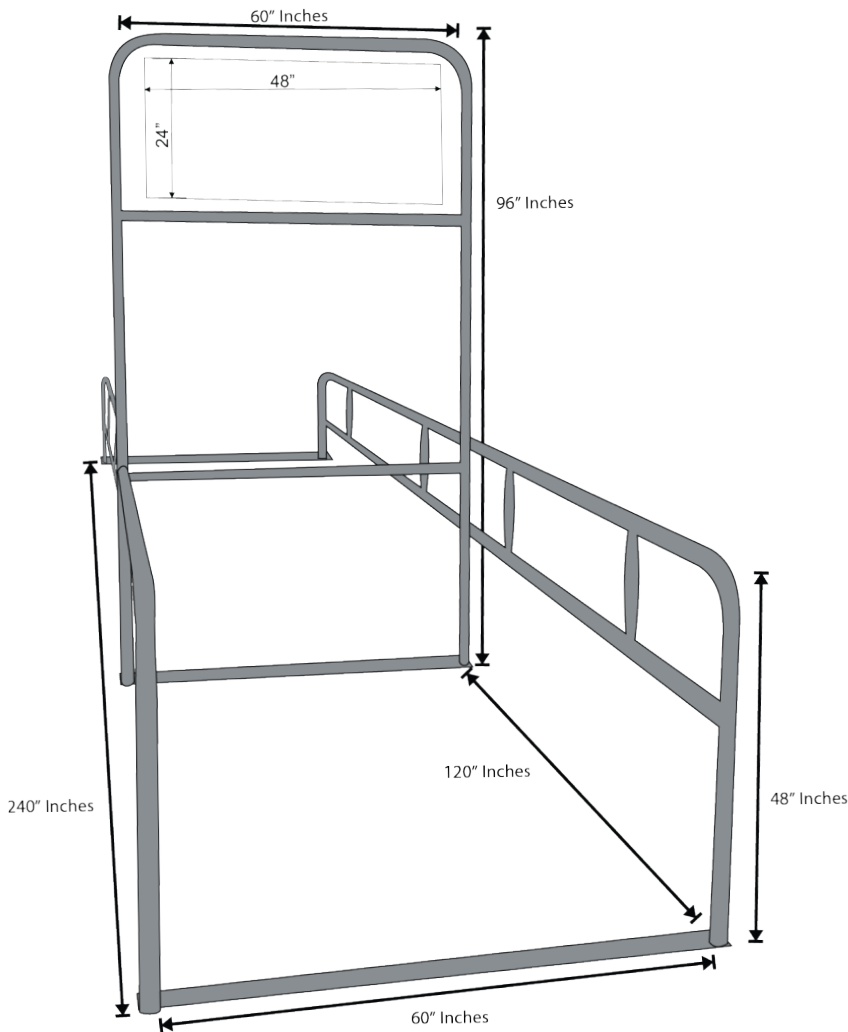

Our CartWorks line of stock carts is the gold standard for the supermarket and retail industry. Designed with top-quality materials, our carts are perfect for standard or custom builds. Whether you run a small store, a large chain, or a warehouse, our stock carts ensure seamless transportation of inventory from storage to shelves.

Built to meet the demands of today's high-volume supermarket operations, CartWorks delivers exceptional durability and efficiency. From stock handling in backrooms to warehouse tasks, our carts provide reliable performance every step of the way.

CART CORRALS

CartWorks designs and manufactures high-quality cart corrals tailored to various retail operations. Constructed from weather-resistant, premium galvanized metal, these corrals are built to endure years of heavy use, ensuring durability in diverse environmental conditions. Providing designated cart storage areas helps retailers reduce loss, prevent theft, and maintain an organized shopping environment.

Available in both standard and custom sizes, CartWorks' cart corrals can be customized to meet individual needs. Standard dimensions include a height of 8 feet, an interior width of 60 inches, an exterior width of 64 inches, and a length of 10 feet. Additionally, these corrals can feature custom signage to promote store branding or convey value messages. This enhances the customer experience while maintaining a well organized parking lot.

(O-ST-CC60)

(O-ST-CC60LP)

We offer customizable branding and signage options for our cart corrals, allowing retailers to showcase store logos, promotional messages, or customer service reminders.

Our high-quality signage enhances visibility, reinforces brand identity, and provides a polished, professional look to any parking lot.

Whether you want to display store branding, directional signage, or customer-friendly messaging, our cart corrals can be tailored to meet your needs, creating a seamless and organized shopping experience.

CARTWIPE CLEAN™

CartWipes CLEAN™ offers a safe, non-alcohol, and non-irritating solution for keeping shopping carts germ-free. Designed to eliminate bacteria on handles, seats, and high-touch areas, these wipes provide a gentle yet effective clean. By offering an easy-to-use **sanitizing option**, retailers can enhance customer confidence and promote a healthier shopping environment.

Our floor stand dispensers, customizable with store logos, ensure wipes are always within reach while reinforcing your brand. Equipped with **Regulator®** technology, they prevent roping by ensuring a clean tear at the perforation, delivering one wipe per pull. This eliminates waste and frustration, making the process smooth for customers. Durable and stylish, CartWipes CLEAN™ dispensers seamlessly integrate into any store, providing a reliable and hygienic shopping experience.

Ask about our digital marketing stands

The CartWipes CLEAN™ Refill Kit includes two 1,700-count rolls of premoistened, nonwoven disposable CartWipes™. These non-alcohol, non-irritating sanitizing wipes contain 0.13% Benzalkonium Chloride, providing effective germ protection for shopping cart handles and high-touch surfaces.

Designed for use with our dispenser systems, they offer a safe and convenient sanitizing solution.

NATIONWIDE MAINTENANCE

At Carts and Parts, Inc., we know well-maintained shopping carts enhance the customer experience. That's why we provide nationwide maintenance services tailored to your needs. Our expert technicians handle everything from wheel and caster replacements to handle repairs and seat belt installations, ensuring quick, effective service with minimal disruption to your operations.

Wherever your stores are in the U.S., our nationwide network of service techs ensures quick, reliable cart maintenance. With strategically placed service centers, we keep your carts in top condition.

Our cost-effective maintenance programs are tailored to your needs, giving you peace of mind knowing your carts are in expert hands. Trust Carts and Parts, Inc. to keep them rolling and your customers satisfied.
